About the Book

Harry Riley releases a gripping and suspenseful page-turner that will defy your efforts to put it down.

Ruthlessly manipulated for most of his adult life by a cunning enemy posing as his friend, Doctor James Parker slides into a deep pit of depression. He is past listening to reason and believes he has every reason to kill his generous benefactor, the man he blames for all his misfortunes. But the gallows await!

After a cruel start in life, abandoned outside an orphanage as a baby, Billy Turpin grows up to be a handsome and successful entrepreneur running several companies. Many are hypnotized by his wealth and charismatic charm. But one person suspects he is also a psychopathic killer.

Two people whose paths were doomed to cross even before they were born, with the most tragic consequences imaginable for all concerned.
